- ❖ **C++, C, Java, DSA, OS**
- ❖ **MYSQL (Basic + Advance), GitHub**
- ❖ **HTML, CSS, JavaScript, Node.js, Express, EJS, MongoDB**
- ❖ **Python, AI/ML, PowerBI**

EDUCATION

- B. Tech(IT) | Charotar University of Science and Technology   *CGPA***:** *9.78 | Present*
- XII (GSEB) | Shree Vashishth Vidyalaya**,** Surat   *85.23% | 2022*
- X (GSEB) | Samrpan Techno Highschool, Surat   *91% | 2020*

ACADEMIC PROJECTS

- ❖ **TrackzonNotify - Web Scraping Base Web App-**
  We scrape the target sites once and use the results to build our page. In this project I scrap only Amazon Website and those particular products. However, one problem we face in this case is that data displayed on our site can be outdated after some time. Using: Typescript, React.js, Next.js (14)
